

COPPERWOOD CONDO BENEFITS FROM COPPER ALTERNATIVE

AQUATHERM ADVANTAGES

- Material costs significantly less than copper
- Quick and simple installation
- High performance with little to no maintenance

PROJECT	PRODUCTS USED	LOCATION/DATE
Copperwood Condominium Domestic and Hot Water	Greenpipe® and Climatherm®	Calgary, AB 2005-2008

THE CHALLENGE

Identifying a reliable, affordable alternative to copper

THE SOLUTION

Aquatherm's PP-R material provided the savings and performance needed

"On labor it was about even with steel and copper, but long-term there is no maintenance. We always factor into cost leakage or failed soldered joints where you've got to fix it, but we didn't have that here."

— FRANK SCOBIE, PRESIDENT OF TOSCO MECHANICAL LTD., CALGARY, AB
