

## RELIABILITY AND LONGEVITY EARN AQUATHERM PIPE PERMANENT RESIDENCE AT EMBASSY SUITES NASHVILLE AIRPORT

### PROJECT:

Embassy Suites Hotel,  
Hydronic Heating/Domestic  
Hot Water/Chilled Water

### PRODUCTS:

**aquatherm green pipe®**  
**aquatherm blue pipe®**

### LOCATION/DATE:

Nashville,  
2008 and 2013-2014

### THE CHALLENGE

The engineering teams designing the renovations of the Embassy Suites hotel in Nashville were looking for a reliable pipe system that would save on materials and labor costs

### THE SOLUTION

Aquatherm (Blue Pipe®) was used in 2008 and again selected (Green Pipe®) due to its stable prices and fast installations

“I’d give anything  
to have Aquatherm  
throughout the  
hotel.”

– Lanny Dunlap, Regional Chief  
Engineer, Embassy Suites, Nashville

### AQUATHERM ADVANTAGES

- Ownership liked the stable pricing and reduced risk of theft that Aquatherm Pipe offers
- Due to fast installations with Aquatherm Pipe, labor costs were minimized
- Aquatherm’s expansion resistance reduced concerns about bursting pipes during cold snaps
