

HIGH-RISE SENIOR CARE BUILDING BENEFITS FROM INNOVATIVE PIPE SYSTEM

AQUATHERM ADVANTAGES

- Compared to copper, provided 20-25% labor savings
- The fusion process requires no toxic materials, glues, resins, or open flames
- During a cold spell in construction, the Aquatherm water lines didn't freeze, like copper would have

PROJECT	PRODUCTS USED	LOCATION/DATE
The Kenwood by Senior Star, Heating Project	Climatherm®,	Cincinnati, OH 2008-2010

THE CHALLENGE

Copper prices were very high and the threat of jobsite theft loomed, so designers sought an alternative

THE SOLUTION

Climatherm line delivered material savings and a flawless installation

“It was a lot easier working with the three- and four-inch polypropylene on ladders than it would have been with copper or welded pipe.”

– CHRIS KLEINHOLZ, FOREMAN, TJ DYER COMPANY, CINCINNATI, OH
