

## AQUATHERM HELPS DRY UP INDUSTRIAL LAUNDRY FACILITY'S LEAK WOES

### AQUATHERM ADVANTAGES

- Much lighter than steel, PP-R made installation from a scissor lift much easier
- Four-inch joint connections took only 3-4 minutes vs. 15 with steel
- Ownership liked the corrosion resistance and 10-year warranty

PROJECT	PRODUCTS USED	LOCATION/DATE
Tri-State Health Care Laundry, Supply and Process Water Retrofit	Aquatherm Greenpipe®, Climatherm®	Covington, KY Summer 2008

#### THE CHALLENGE

Aggressive process water had consistently rusted through the existing Schedule 80 steel

#### THE SOLUTION

Corrosion- and rust-proof, Aquatherm held up so well over a 3-year period the facility is using it on their main line

“The first reason that Aquatherm made sense for this job was that it is so much lighter than steel.”

- Gary Kentley, Foreman of MarkCo Inc.
